the best way to stay at the hotel is to have a reservation, but if youre running around trying to find a room, you might want to stay at the new york bordello next door. the bordello is a beautiful old hotel on the upper east side, where four of the rooms are currently being renovated to offer affordable luxury. the bar is still functioning, but the rooms are a very different place than the ones that are currently open. the newly renovated rooms are a beautiful mix of 1920s and art deco. the hotel has a gorgeous, original building, and the rooms are a decent size, too. the hot spot in the hotel is the dauntless bar, which has a great mix of people who are staying there and people who are just stopping by for a drink. the cocktail menu is beautiful and has a great variety of drinks, from the w.a.n.d. (with agave syrup and mezcal) to a fluffy mint julep made with muddled mint, and a delicious yellow daisy champagne cocktail that is quite strong. there are many things to do in the hotel, including a business center, an art gallery, meeting rooms, a ballroom, a spa, a theater, a bar, a roof-top terrace and, in the unlikely event that youre a wannabe billy crudup or jennifer garner, a restaurant called the 101 lounge. also in the hotel is a collection of artifacts from the hotels past, including a very large and very old piece of theater equipment called a telarium, a ballroom chandelier, a huge mirror, a neon sign and several phones. theres also a museum, which has almost every picture from the hotel from the early 1920s until the 1970s. two heady years after the fall of cairo, in which the city sank under the weight of its sewage, the deluxe was built to be a model of a better way to live. with its hip quarters and endless flow of bars and restaurants, it is often described as the most glamorous hotel in the world. a large part of the action lies in the delis ground-floor lobby, where the vast space is a spectacular meeting point, a staging post for all the citys fine dining and fashion-ing. 5ec8ef588b
